

# mini-sessions

Your mini-session fee pays for a 20 minute shoot for up to four people (each additional person is \$15) and custom preparation of 12 of the best images from your session. The digital image collections include images in both color and black + white and the files will be large enough to print up to a 20x24 portrait! Prints generally take about 3-4 weeks to be delivered, while digital files are delivered within five business days.

MINI-SESSION FEE.....50.

each image - over 70% OFF

## HOLIDAY CARDS

We have partnered with Minted so that we may offer our clients a wide variety of card designs and options. A licensing fee of \$50 is paid for the use of up to three images and \$10 for each image thereafter. Your selected images will be uploaded to their website and you will then design and pay for the cards via the Minted website separately. The cards will include our studio name on the back of the design.

\*Cards available after a \$200 minimum order
